

WixATL Meetup, August 2017 Resources!!!!

[Canva.com](https://www.canva.com)

Create mood boards, logos, Facebook covers, brochures and much more. Picmonkey.com is another option for these types of things.

[Fiverr.com](https://www.fiverr.com)

Get Photoshop jobs done for cheap – change colors on an image, remove the background, etc. Fiverr is also a good place to find people to do short animation explainer videos for you, writing, all kinds of things.

[Thenounproject.com](https://thenounproject.com)

Every icon you could ever possibly want searchable by terms. And incredible resource.

[Tinypng.com](https://tinypng.com)

Drag and drop your images onto the home page and compress them for free.

[G2crowd.com](https://g2crowd.com)

Search software and services for your business and read reviews – a little technical so give it a chance. If you can't find what you want google "best eCommerce solution" or "best CRM solution".

Free Stock Images
